Ahsoka Tano The Hunter

I'm a little rusty, but here goes my fanfic.

Ahsoka Tano Huntress. Supernatural-Star Wars Crossovers

This is located on the 11th season of Supernatural (very good by the way), if you want to correct me on I'm all ears.

Following is self-imposed exile from the Jedi Order, Ahsoka was about to go to commit suicide, because I did not have to go and his whole life had been trained to be a jedi.

In these was when a pale, tall, with black suit and a cane man appeared in front of him, still looking at the Togruta, had not died with the destruction of the scythe, but had destroyed Dean Winchester his recent boat obvious that while there the concept of death could not die.

"God has a plan for you, Tano"

"Huh? Sorry not spoken of me"

"I've seen your actions and God has a job for you"

Death suddenly assumed an expression and serious look.

"Before there was light, before God and the archangels there, there was nothing. There was darkness, a terribly destructive, amoral force that was rejected by God and his archangels in a terrible war. God has consigned the dark in the distance where he could not do any harm, and He created a brand that would serve both as a lock key ".- Death describes Darkness.
